

## The Care.

**K**iln Lodge is registered to provide care and support for old age and dementia residents. Our Carers are trained specifically in this area. Most of the training is provided by a specialised agency and consists of courses that run over a 16 week period to give our staff an excellent insight into the care required within our category.

Additional courses qualify our Carers above and beyond the mandatory level determined by the Care Quality Commission.

## Entertainment and Activities

**W**e encourage our residents to be socially active as this is a fundamental part of a happy lifestyle, therefore we organize a weekly activities diary with outside entertainer's music and dancing, bingo, reminiscence afternoons, summer barbecues and shopping trips, as well as exercise class that promote physical wellbeing.

## Our Team

**O**ur highly-qualified senior carers and care assistants provide 24 hour care in a homely, relaxed and friendly atmosphere. They are guided by our Matron, Rosemary Kingdon, who has a 30-year career in nursing and healthcare. Rosemary has been our Matron for the past eight years.

Rose helps plan and run activities and social events that take place regularly to help residents remain as independent as possible and enjoy getting involved with engaging activities.

We are proud of our committed team of both Senior Carers and Care Staff, as they strive to ensure that our residents are treated with respect and dignity. They also strive to provide our residents with the best quality of life possible, while maintaining their independence.

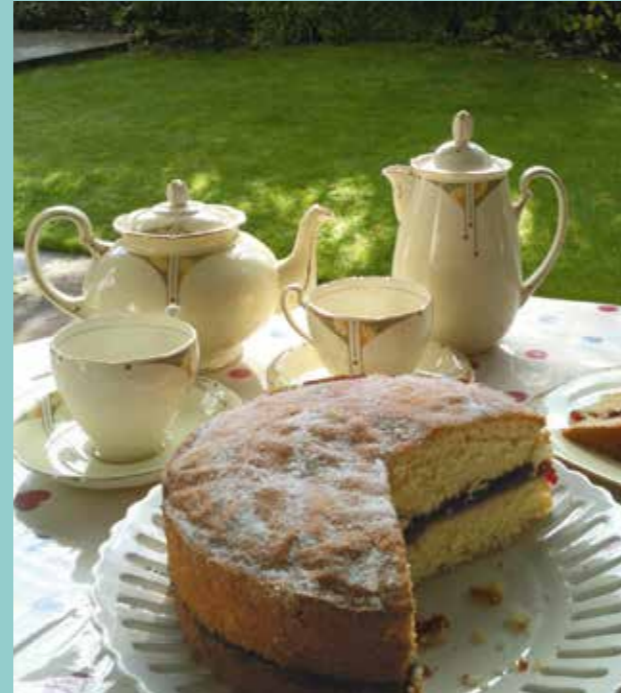

All of our staff have an on-going programme of training and development. This enables them to plan and deliver the appropriate care to meet the individual needs of our residents.

## The Home

Our fully-qualified maintenance personnel and housekeeper ensure the property is always kept safe, warm and clean. Kiln Lodge offers:

- Specialised bathing and shower facilities.
- Fully-fitted nurse call system throughout the home ensuring help is available 24 hours a day.
- A large lounge, quiet reading room and spacious dining room.
- Enclosed secure garden area with seated patio and lawn to enjoy the finer days.
- Comfortable single rooms with views overlooking the garden or surrounding fields.
- A six-person vertical lift for accessing the first floor.

## Home Cooking

Our two chefs vary the menu using fresh, seasonal produce to create a variety of home cooked meals. All special diets and personal tastes are catered for and there is always a selection of homemade cakes and fruit.
